The Region 10 topic is nitrate issues related to the Lower Umatilla Basin and Yakima. I talked to Carol and neither of us are aware that tribal interests are implicated in either of these situations, but thanks for checking.

Thanks, Joe. Are the R10 DW issues tribal? I can't make this meeting but I could possibly ask Jonathan Binder to attend if that is appropriate or helpful.

My apologies for the multiple versions. (I should have waited to send). Added one additional item (Region 10 DW issues), and took off one that was resolved (EPG2).
